Dear Katie:

Congratulations! We are pleased to inform you that your resource titled **Cast a Fly, Catch a Student** has been selected for inclusion in the Healthy Schools Program Resource Database. All resources that the Alliance receives are reviewed to determine consistency with our programs, policies and scientific information as it pertains to our work. After completing this review, your resource was found to be in alignment with one or more of the Healthy Schools Program Framework Criteria and consistent with American Heart Association standards for scientific validity and accuracy.

Information about your resource has been uploaded to our online searchable database and is available exclusively for our member schools to view.

As a matter of policy, the Alliance for a Healthier Generation, American Heart Association and William J Clinton Foundation do not sponsor, endorse or recommend any external products or programs. We do however; provide lists of approved, resources solely as a matter of convenience for our member schools to use in their efforts to create healthier environments for their students and staff. Being selected for inclusion in the Resource Database can in no way be inferred to represent an endorsement, sponsorship or recommendation of Cast a Fly, Catch a Student by the Alliance, our parent organizations or partners.

Should you wish to make an official public announcement or share other correspondence with your constituency related to this resource being included in the Healthy Schools Program Resource Database, or if you have any questions about the Alliance or our Resource Program, please contact us by phone at (267) 331-8895 or by e-mail at Resources@HealthierGeneration.org.

Again, congratulations, we look forward to sharing your resource with our schools.

Sincerely,

Alliance for a Healthier Generation
